Steel All Wheel Steer Truck 101-1/2 In x 36 In 3600 Lb. Capacity Yellow

MODEL AWST-3672-PU

Industrial Carts & Dollies / All Wheel Steer Truck

PRODUCT OVERVIEW

An all-wheel steer truck is a great companion in a variety of settings. The large deck platform, constructed of steel, lets the user transfer items both large and small. An all wheel style is the key to the simple towing and maneuvering around congested areas. Any possible jostling or movement is limited when rolling due to the poly on steel casters. Powder coated for built in added toughness.

KEY FEATURES

- All wheel steer trailer is engineered for towing
- Use in industrial applications for optimal results
- Brightly colored for clear visibility
- Rolls smoothly across a variety of surfaces
