Fork Truck Battery Transfer Platform with Winch 4000 Lb. Capacity Yellow

MODEL BTC-PJ-WINCH

Ergonomic Solutions / Battery Transfer Platforms

PRODUCT OVERVIEW

The battery transfer platform with winch features a roller deck for easy battery movement with the use of a pallet truck. The front locking safety tabs secure battery in platform. The unit has a welded steel construction with a powder coat yellow finish. Winch attachment can be installed easily to the battery transfer carts with the supplied hardware. The manual winch is designed to pull battery out of fork truck.

KEY FEATURES

- Platform with winch features a roller deck for easy battery movement
- Front locking safety tabs secure battery in platform
- Powder coat yellow finish for durability and visibility
- Welded steel construction for maximum strength
