Factory Installed Loops/Handle For Aluminum Pallet Dolly

MODEL DOL-HDL

Industrial Carts & Dollies / Aluminum Pallet Dollies

PRODUCT OVERVIEW

The optional loops and handle are a superb way to transfer dollies. The factory installed loop is placed in a functional side position for easy accessibility, while the included handle diminishes needless bending and twisting while pulling the unit to the desired location. To use, simply place the angled tip of the handle into and around the loop and pull up. The tension from the up-force allows personnel to maneuver the dolly in a variety of directions.

KEY FEATURES

- Aluminum pallet dolly for ideal operation
- Ideal as a loop or handle for maximum efficiency
- Features durable construction for added strength and long life
- Use in industrial applications for optimal results
