

Steel Low Profile Skid Steer Rock Grader 60 In. Black

MODEL EA-SKRG-60-LP

Facilities Maintenance / Skid Steer Rock Graders

PRODUCT OVERVIEW

A skid steer rock grader bucket works wonders in the landscaping and construction industries. With a low profile design and an immense structural volume, it makes loading and unloading heavy rocks as easy as ever. With a simple attachment connecting to an existing skid steer, it's as quick as can be. Once in place, the bar style bottom platform is ready to transport heavy loads and minimize manual labor.

KEY FEATURES

- Strong leading edge for digging below the surface
- All welded steel construction for robust strength
- Common mounting system for simple attachment
- Large capacity for heavy loads
