Steel Low Profile Electric Lift Table E Type 56 In. x 52-3/4 In. x 3-1/2 In. 2000 Lb. Capacity Blue

MODEL EHE-2

Ergonomic Solutions / Low Profile Electric Lift Tables

PRODUCT OVERVIEW

The low profile electric lift tables are ideal for manufacturing and distribution facilities. The unique, steel constructed "E" design provides a center support beam to prevent the lifted product from deflecting downward in the center. Numerous protective features include electric toe guards, velocity cylinders, and emergency stop buttons, providing personnel with the utmost safety. An external power pack is equipped with a pressure relief valve which prevents overloading while controlling lowering speed. To raise and lower the unit, simply utilize the "up and down" push button design on the 24V control box for precise ergonomic positioning of product.

KEY FEATURES

- Ergonomically stable control box height
- Lift products to minimize bending and twisting
- Easy to use controls for efficiency
- Unique design provides more surface area

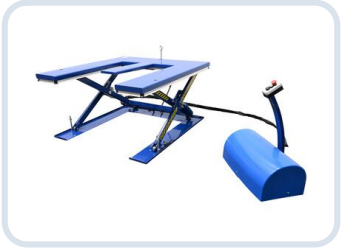

CORE PRODUCT DATA

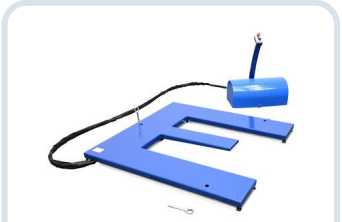

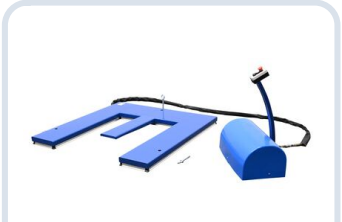

ASSEMBLED WEIGHT **590 lbs**	ASSEMBLED SIZE **52.75" W x 56" L x 3.5" H**	SHIP WEIGHT **718 lbs**
PACKAGE 1 SIZE **57" W x 56" D x 26" H**	COLOR / FINISH **Blue**	FREIGHT TYPE **LTL Palletized**

AVAILABILITY Available **QUICKSHIP: YES**
