Ergonomic Solutions / Low Profile Electric Lift Tables

PRODUCT OVERVIEW

The low profile electric lift tables with the unique, steel constructed, "U" design provides an open center that enables a pallet truck to place a load on the platform. This lift table features an external power pack equipped with a pressure relief valve that prevents overloading and a flow control valve that controls the lowering speed. The remote power pack comes complete with a cover to protect the motor from dust and debris. The up and down push button raises and lowers the unit and is located on the control box. Safety features include toe guards, velocity fuse in cylinders, safety maintenance props, and an emergency stop button on the control box. The power supply has pedestal mounted push buttons. When using a pallet truck in conjunction wi...
