Steel Electric Pallet Truck With Powered Brakes 27 In. x 45 In. 3,300 Lb. Capacity Black/Red

MODEL EPT-2745-33-PWB

Ergonomic Solutions / Fully Powered Electric Pallet Truck

PRODUCT OVERVIEW

The electric pallet truck is the perfect change from the manual design. This construction design is built to last, withstand rugged daily use, and diminish manual labor. Multi-function capabilities such as the raise and lower buttons and emergency brake are located in the handle. The design of the handle is also ergonomically friendly, minimizing awkward slouching when maneuvering. All areas are easily accessible for general upkeep and cleaning. Truck can be used with the handle in the upright position for utilization in the small areas. Horn is also included. This model includes powered brakes, which lessens strain on workers and increases workplace safety.

KEY FEATURES

- Emergency reverse belly switch instantly reverses direction
- Extended battery life for continuous use
- Powered braking system
- Open design for simple maintenance
