Aluminum Fixed Gantry Crane with Glass Filled Nylon Locking Casters 10 Ft. x 10 Ft. 2000 Lb. Capacity Silver

MODEL FHA-2-10-10

Overhead Lifting / Fixed Height Aluminum Gantry Cranes

PRODUCT OVERVIEW

The fixed height Aluminum Gantry cranes are ideal for the manufacturing and maintenance facilities. The aluminum construction is easily manageable and can be simply assembled for immediate use. The unit has a fixed height for working in a permanent or semi-permanent environment. The casters allow the user to move the crane from workstation to workstation and smoothly roll over rough surfaces, while not marring. Do not move units while loaded.

KEY FEATURES

- Robust construction for long term use
- Each unit includes four casters for safe positioning
- The fixed height of the unit provides constant lifting stability
- Great for long term consistent height projects
