Facilities Maintenance / Fixture Welding Tables

PRODUCT OVERVIEW

A fixture welding table is a worthwhile addition to manufacturing and industrial facilities. This welding table comes unpainted for grounding purposes during operation. With a steel construction the unit is strong and robust for consistent daily use. Solid platform top allows the entire design to be utilized. The tabletop height minimizes any bending that may occur during use.

KEY FEATURES

- Bare steel finish
- Solid top for complete platform use
- Resilient design for long term use
- Accommodating items large and small
