

Factory Installed High Cycle Wash-Down Motor and NEMA Four Enclosure For Hydraulic Drum Crusher

MODEL HDC-905-HC-WD

Drum Handling Equipment / Hydraulic Drum Crusher/Compactors

Product image unavailable

PRODUCT OVERVIEW

Wash-down motor & NEMA four (4) enclosure. The wash down feature provides an enclosure for the electrical apparatuses to minimize the exposure to wet or corrosive substances. This option is best when used with warm or cold non-caustic low corrosive solutions, applied at a low pressure in an indoor environment. Please be aware, this wash-down feature does not eliminate the possibility of rust on unpainted surfaces or fasteners.

KEY FEATURES

- Factory installed
- Closed unit for simple cleaning
- Best used with a low pressure applications
- Warm or cold non-caustic low corrosive solutions are preferred
