Steel Hydraulic Material Grapple 35 In. Opening 4000 lb Capacity Black

MODEL HMG-35-4

Fork Truck Attachments / Fork Truck Grapple Attachment

PRODUCT OVERVIEW

A material grapple attachment helps secure round or oversized items. With an arched two arm design, needless product movement is minimized during transference between areas. The top two arms also have a saw-like pattern for increased control during loading and unloading. The unit is operated by use of the fork trucks hydraulic lines. The grapple includes a steel frame with a powder coat finish.

KEY FEATURES

- 4" wide fork pockets
- 35" opening height
- 4000 lbs. capacity
- 26.375" fork pocket center to fork pocket center
