Steel Ladder Transporter For Maintenance Ladder Models Yellow

MODEL LAD-MM-LTO

Industrial Ladders / Ladder Transporter

PRODUCT OVERVIEW

Moving large, heavy maintenance ladders has always been time consuming and labor intensive...until now. The maintenance ladder transporter helps maneuver ladders side to side and workstation to workstation. With the simple bolt-on adjustable mounting plate attached to the bottom step, the user can then roll the unit into position to place the pin into the hitch point. Once secured, ladder and transporter can be moved as needed. The long handle allows the operator to maintain proper posture during use. For ladders with 5 steps and more, an included hook can be attached to the backside of the ladder for safe keeping of the transporter while it is not in use. A powder coat finish diminishes scratches and abrasion that may happen throughout the daily ...

KEY FEATURES

- Gripped handle for sure control
- Lightweight for simple handling
- Easily sortable on back side of ladder
- Quick installation
