

# Steel Leveling Jack 30 In. 5000 Lb. Capacity Silver

**MODEL LJ-21**

Industrial Carts & Dollies / Leveling Jacks

## PRODUCT OVERVIEW

This leveling jack is designed for permanent installation, screw-style jack hold platforms and other equipment in place and stabilize them at the required height. Drill a one and one quarter inch (1-1/4") diameter hole through the platform to be leveled and bolt the platform between the upper and lower flanges of the jack's divided housing. Jack has a handle that folds down when not in use. Swivel base has a slip-resistant rubber pad on the bottom (replacement pads available).

## KEY FEATURES

- Lifting design raises, levels and stabilizes portable equipment
- Rubber bottom pad provides extra grip
- Jack handle design folds down when not in use
- Designed for permanent installation
