Aluminum Knockdown Mezzanine Safety Gate 42-7/8 In Handrail Height Silver

MODEL MEZZ-KD-88T-93D-A

Protective Barriers / Mezzanine Safety Gates

PRODUCT OVERVIEW

This knockdown mezzanine safety gate maintains a level of security while providing users with access to loading and unloading areas. A sleek aluminum design gives the ability to lift and lower the gate with ease. To accommodate the maximum load height, when utilizing a standard pallet, load positioning within the gate is critical. For greatest amount of clearance and item placement flexibility, shorter loads are recommended. The gate rotates and is balanced to allow for easy operation without use of springs. Hardware is included.

KEY FEATURES

- Includes hand and mid rails for sustained security
- Manually operated gate rotates to allow mezzanine access
- Aluminum construction provides long lasting use
- Smooth finish offers an attractive appearance
