Steel 5 Gallon Pail Carousel Rack, 10 Pails W/ Casters 350 lbs. Capacity Per Shelf Yellow

MODEL PAIL-T2-CAR-10-CK

Drum Handling Equipment / Pail Carousel Racks

PRODUCT OVERVIEW

A pail carousel rack is a quick way to transfer loaded and unloaded pails. Each bay is a perfect fit for a 5 gallon pail, while an included safety chain gives an extra level of security. The carousel design enables circular movement of each tier, allowing the user to maintain their position instead of moving to each individual pail bay. The rack is constructed of 1/4" thick powder coated steel.

KEY FEATURES

- Two tier design
- Poly on poly casters with brakes
- 10 Pail bays
- 350 Lb. capacity per tier
