Steel Ergonomic Power Assist Pallet Truck 27 In. x 48 In. 5000 Lb. Capacity Blue

MODEL PM5-2748-PA-BL

Ergonomic Solutions / Ergonomic Power Assist Pallet Trucks

PRODUCT OVERVIEW

The Ergonomic power assist pallet truck is for anyone who has operated a fully loaded pallet truck and knows the most strenuous part is getting the wheels to start rolling. This pallet truck solves this back breaking problem. Pumping the handle of the pallet truck serves two purposes. First, it serves the traditional purpose of lifting the forks. Second, switch the power drive accumulator and by pulling the handle back, the pallet truck begins to roll backwards automatically, thus reducing the pulling force.

KEY FEATURES

- Rapid lifting and lowering through a hydraulic hand pump function
- Ergonomic design requires only seventy-five (75) pounds of pulling force when fully loaded
- Nose wheels are located on the front edge of each fork to assist in clean pallet entrance and exit
- Rugged steel construction stands up to demanding workloads

CORE PRODUCT DATA

ASSEMBLED WEIGHT **156 lbs**	ASSEMBLED SIZE **27" W x 61.1875" L x 48" H**	SHIP WEIGHT **196 lbs**
PACKAGE 1 SIZE **40" W x 64" D x 26" H**	COLOR / FINISH **Blue**	FREIGHT TYPE **LTL Palletized**

AVAILABILITY Available **QUICKSHIP: YES**
