

Steel Low Profile Post Lift Table 34 In. x 20 In. x 26 In. 1000 Lb. Capacity Blue

MODEL PT12-10

Ergonomic Solutions / Hydraulic Post Tables

PRODUCT OVERVIEW

Hydraulic post tables are ideal in material handling facilities. The unit can be of use in a variety of environments from lifting dies and castings to moving machine parts. The corner posts are telescoping to help stabilize and fully support the load during operation. The tables roll smoothly on two (2) locking swivel casters with brakes and two (2) rigid. The tables can be lifted/lowered with a single speed foot pump, two-speed foot pump, two speed auto shifter that automatically shifts when the table is loaded, or linear actuated power.

KEY FEATURES

- Features a low profile hydraulic foot pump
- Utilizes a formed base and a telescoping cylinder
- Achieves a more versatile lifting range
- Foot brake for maximum stability

CORE PRODUCT DATA
