Steel Semi-Automatic Strapping Machine 23 In. x 35-1/2 In. x 30 In. Cream

MODEL S-2001

Packaging Equipment / Semi-Automatic Strapping Machine

PRODUCT OVERVIEW

The fully portable semi-automatic strapping machine dispenses, tightens, and seals economical polypropylene strapping around packages or bundles. This strapping machine automatically tensions strap and joins the ends with a secure heat weld for content security. The unit features a stainless steel strapping surface and easy access for reloading strapping. The motor automatically switches off when not in use. As the strap is inserted, the motor automatically restarts.

KEY FEATURES

- Automatic design heat-seals and cuts strapping
- Motor design automatically switches off when not in use
- Built in casters make unit portable
- Easy access strapping makes strap reloading easy
