Heavy Duty Stackable Material Cart 71 In. x 39-3/16 In. x 44-13/16 In. 5,000 Lb. Capacity Blue

MODEL SPC-3668-2L

Industrial Carts & Dollies / Heavy Duty Stackable Material Carts

PRODUCT OVERVIEW

A stackable material cart provides the same great benefit of a standard material cart, while allowing multiple units to be stacked for a smaller warehouse footprint. A steel platform and structure enables a larger weight capacity of items to be maneuvered in a more efficient time frame. A removable bar on each end of the cart gives the user the ability to have single or dual layers of product. The surface is smooth to diminish the chances of abrasion during the jostling, while rolling between areas on the included casters. The units are stacked together using a simple four corner post design for a more even weight distribution.

KEY FEATURES

- Empty carts can be stacked 3 high
- Large base platform for items both big and small
- Raised racks on each side of cart for additional space
- Casters allow for easy movement between areas

CORE PRODUCT DATA

ASSEMBLED WEIGHT **418 lbs**	ASSEMBLED SIZE **39.1875" W x 71" L x 44.8125" H**	SHIP WEIGHT **483 lbs**
PACKAGE 1 SIZE **40" W x 68" D x 42" H**	COLOR / FINISH **Blue**	FREIGHT TYPE **LTL Palletized**

AVAILABILITY Available **QUICKSHIP: --**
