Steel Cantilever Stock Picker Truck 41-3/8 In. x 20-1/2 In. x 40-7/8 In. 440 Lb. Capacity White

MODEL SPS2-2041-C

Industrial Carts & Dollies / Steel Cantilever Stockpicker Truck

PRODUCT OVERVIEW

This unique steel Cantilever stock picker truck design allows for oversized packages to fit conveniently on the bottom shelf without restricting access to the packages. Eliminate the need to move around a clumsy ladder and push a cart while trying to stock or unstack shelves. The step ladders are spring loaded to hold the cart securely in place while a person is standing on the ladder.

KEY FEATURES

- Spring loaded step ladder holds cart securely in place while a person is standing on the ladder
- Springs then return the ladder to the raised position once personnel exits the step
- Crutch tip ladder prevents the cart from moving while stocking
- Turned up lip shelves prevent items from falling off
