Partially Stainless Steel Open Manual Carousel Top Spring Scissor Table 4,500 Lb. Capacity Silver

MODEL SST-45-PSS

Ergonomic Solutions / Spring Scissor Tables

PRODUCT OVERVIEW

The spring scissor table is ideal for distributing and shipping facilities. The unit allows the user to transfer products from work space to work space, while holding an ergonomically friendly position. The frame is designed of a partial stainless steel construction, which allows for strength, durability, and a long lifespan. The scissor mechanism raises the unit to the desired height, while the internal spring provides support when unit is being loaded and unloaded. The round top can be manually rotated 360 degrees for improved packaging and handling capabilities.

KEY FEATURES

- Maintains height for better user ergonomics
- Accessible from all sides
- Open top to better manage large awkward items
- Wide platform base increases stability
