Steel Solid Manual Carousel Top Spring Scissor Table 4,500 Lb. Capacity Black / Yellow

MODEL SST-45-ST

Ergonomic Solutions / Spring Scissor Tables

PRODUCT OVERVIEW

The spring scissor table is ideal for distributing and shipping facilities. The unit allows the user to transfer products from work space to work space, while holding an ergonomically friendly position. The frame is designed of a steel construction, which allows for strength and durability. The scissor mechanism raises the unit to the desired height, while the internal spring provides support when unit is being loaded and unloaded. The round top can be manually rotated 360 degrees for improved packaging and handling capabilities.

KEY FEATURES

- Provides an ergonomic way of maneuvering products
- Reduces the amount of bending and twisting
- Brightly colored design for clear visibility
- Internal spring for lifting support
