Steel Stand Alone Powered Carousel 3,000 Lb. Capacity Blue / Yellow

MODEL STPC-WH

Packaging Equipment / Stand Alone Powered Carousels

PRODUCT OVERVIEW

The powered carousel is ideal for products, both large and small. Designed with a steel construction for added strength and resilience in a variety of settings. The unit has a fixed speed and can be turned 360 degrees for full view of the product. To use, simply place the intended product on the turntable and activate the carousel. When moving the carousel from workstation to workstation, it is best to utilize the fork pockets attached to the underside of the unit for safe, ergonomic transporting.

KEY FEATURES

- Easily rotates pallets, skids, and other large objects
- Turntable is supported with inverted casters for use as bearings
- Large capacity for heavy loads
- Wheel driven for precise positioning
