Steel Vertical & Horizontal Strapping Cart Blue

MODEL STRAP-VH

Packaging Equipment / Vertical/Horizontal Strapping Cart

PRODUCT OVERVIEW

The vertical/horizontal strapping cart allows the operator to apply strapping both vertically and horizontally around the load. For use with both steel and poly strapping. To use, simply engage outer detentes (disengaging inner) and turn the removable handle until strap is in the horizontal position. Once in the horizontal position, disengage the outer detentes and engage the inner detentes. The strap can now be raised and lowered with the same handle. Each unit comes standard with semi-pneumatic wheels and equipment tray. Strapping is not included.

KEY FEATURES

- Designed to allow operator to apply strapping both vertically/horizontally around the load
- Strapping cart design work with both steel and poly strapping
- Semi-pneumatic wheels allows unit to moved from one area to another
- Steel construction provides a long lasting rugged use
