Steel Tilt Master Straddle Reciprocating Air/Oil Power 2,000 Lb. Capacity Blue

MODEL TMS-20-AIR

Ergonomic Solutions / Tilt Master & Tilt Master Straddle

PRODUCT OVERVIEW

The tilt master straddle lifts and positions filled tote boxes or baskets without the need of a fork truck or lift table using the newly designed heavy-duty tilt master. The tilter will function as transporters by moving completed products from work station to work station without waiting for a fork truck. This lift has a thin profile to allow the user to get as close to the load as possible. It also has a standard floor lock and rolls easily on the phenolic steering wheels. Lift is designed to be used with virtually any kind of container or pallet. The unit is powered by an air pneumatic motor.

KEY FEATURES

- Folding ergonomic handle
- Two rigid and two swivel casters provide smooth and efficient mobility
- 90 degree tilt angle allows for better ergonomic access
- Heel/toe foot treadle allows quick lifting and lowering
