304L Stainless Steel Hydraulic Foot Pump Roll Handler 850 Lb. Capacity Silver

MODEL ULM-HRH-850

Ergonomic Solutions / Stainless Steel Hydraulic Foot Pump Roll Handler

PRODUCT OVERVIEW

A Stainless Steel Hydraulic Foot pump roll handler is great for an assortment of areas including the food handling service industries. The 304L stainless steel construction, including hydraulic cylinders and piston the design is sleek, smooth, and easily washable for before and after use in hygienic areas. The raising and lowering of the platform to the precise position is made easy by the hydraulic foot pump design, which diminishes needless bending when loading/unloading material. A rounded handle style allows for a proper two handed grip when maneuvering around work areas, while the perfect open cradle platform lets the user load material from three sides. Cradle adjusts in 1" increments up to 16" wide. The handler rolls smoothly on four swivel...

KEY FEATURES

- Cradle platform for easy loading and unloading
- Hydraulic foot pump to precise positioning
- Promotes ergonomic posture
- Stainless steel finish for easy cleaning
