Urethane Cable Crossover 47-1/2 In. x 23 In. Orange

MODEL URTH-48

Loading Dock Equipment / Urethane Hose & Cable Crossovers

PRODUCT OVERVIEW

The urethane hose and cable crossover is great for hospitality facilities and other establishments with constant pedestrian traffic. The strong construction enables cables to be protected from daily abuse. For best use, place the cable inside the indented opening on the underside of the crossover to minimize damage. Will accommodate any highway legal vehicle up to and including fire engines.

KEY FEATURES

- Protects hoses and cables from traffic
- Constructed of durable urethane material
- Designed with traction cleats to prevent slippage
- Brightly colored for clear visibility
