

Polypropylene Drum Pump 8 Ounces Per Stroke Blue

MODEL VDP

Drum Handling Equipment / Self-Venting Drum Pumps

PRODUCT OVERVIEW

A manual drum pump is designed for dispensing and transferring liquids out of fifty-five (55) gallon drum or 5 and 15 gallon pails. Ideal for transferring water-based fluids, light oils, mild acids and corrosive soaps. This self-venting pump has exceptional resistance to corrosive chemicals (non-flammable solvents). VDP includes a two (2) piece dip tube with connector.

KEY FEATURES

- Manual drum pump design dispenses and transfers liquids for ideal operation
- Self-venting pump has exceptional resistance to corrosive chemicals for maximum efficiency
- Features durable construction for added strength and long life
- Use in industrial applications for optimal results
